Professional Summary

Enthusiastic and detail-oriented Computer Science undergraduate skilled in Java, Python, and MySQL, with hands-on experience developing and debugging web applications. Proficient in Spring MVC, JDBC, and currently learning Spring Boot and RESTful APIs. Strong understanding of OOPs, data structures, and database integration. Passionate about developing high-quality, scalable software solutions and contributing to dynamic engineering teams.

Technical Skills

Programming Languages: Java, Python, C, JavaScript, HTML5, CSS3

Frameworks: Spring MVC, Spring Boot (Learning)

Databases: MySQL (Proficient), basic knowledge of MongoDB

Web Services: RESTful APIs, JSON, XML

Tools: Git, GitHub, Maven, IntelliJ IDEA, VS Code

Concepts: OOPs, SDLC, Debugging, Data Structures, Algorithms, Backend Development

Projects

Student Admin Portal – Spring MVC, JDBC, MySQL

Developed a student record management system supporting CRUD operations and authentication. Implemented backend logic using Java and JDBC with MySQL integration, following MVC architecture.

Bank Management System – Java Swing, MySQL

Built a GUI-based banking app for transactions and account management. Applied exception handling, file I/O, and multithreading for smooth operation.

Quiz Application – HTML, CSS, JavaScript

Created an interactive quiz web app featuring instant scoring and responsive design.

Coffee Shop Website – HTML5, CSS3, JavaScript

Designed and deployed a responsive front-end website for a restaurant business.

Internship Experience

Java Developer Intern – Prodigy Infotech (June 2025 – July 2025, Remote)

Designed a Task Management Web App with CRUD operations using JavaScript, HTML, CSS. Collaborated within an Agile environment to define and implement new features. Practiced debugging and testing to ensure smooth functionality.

Python Developer Intern – Internpe (Dec 2024 – Jan 2025, Remote)

Developed modular Python scripts for automation and data handling. Strengthened problem-solving skills through debugging and code optimization.

Education

Bachelor of Engineering (B.E.) in Computer Science and Engineering

Matrusri Engineering College, Osmania University – Hyderabad (2023 – 2027)

Key Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Artificial Intelligence & Machine Learning

Certifications

- NPTEL Certified in C Programming
- HackerRank Certified in Python
- 3 in Java (HackerRank)

Achievements

- 1st Prize in Environmental Science College Competition
- Active Problem Solver on LeetCode & HackerRank
- Built and deployed multiple web & backend Java applications

Soft Skills

Analytical Thinking • Team Collaboration • Debugging • Problem-Solving • Adaptability • Communication
