Professional Summary

Motivated Computer Science undergraduate with hands-on experience in **Java Programming**, **Backend Development**, and **RESTful API Integration**. Currently working as a **Java Intern** at Tsarit Services, contributing to **scalable application development** and **debugging** in a remote **Agile environment**. Strong foundation in **Object-Oriented Programming (OOP)**, **Data Structures**, **Application Architecture**, and **Software Testing**. Passionate about building high-quality, maintainable software solutions in startup-driven ecosystems.

Technical Skills

Programming Languages: Java, Python, C, JavaScript

Backend Technologies: Spring MVC, Spring Boot, JDBC

Web & APIs: REST APIs, JSON, XML, API Integration

Database: MySQL, MongoDB (Basic)

Development Tools: Git, GitHub, Maven, IntelliJ IDEA, Eclipse, VS Code

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Application Architecture, Debugging, Software Testing, SDLC

Methodologies: Agile Development, Remote Team Collaboration

Projects

Student Admin Portal – Spring MVC, JDBC, MySQL

Developed a student record management system supporting CRUD operations and authentication. Implemented backend logic using Java and JDBC with MySQL integration, following MVC architecture.

Bank Management System – Java Swing, MySQL

Built a GUI-based banking app for transactions and account management. Applied exception handling, file I/O

Quiz Application – HTML, CSS, JavaScript

Created an interactive quiz web app featuring instant scoring and responsive design.

Coffee Shop Website – HTML5, CSS3, JavaScript

Designed and deployed a responsive front-end website for a restaurant business.

Internship Experience

Java Intern – Tsarit Services ((Feb 2026), Remote)

- Develop, test, and maintain **Java-based backend applications**.
- Write clean, scalable, and reusable **Java code** following **OOP principles** and best practices.
- Assist in **backend service development** and **REST API integration**.
- Participate in **code reviews**, **debugging**, and performance optimization.
- Support **software testing** and **quality assurance** processes.
- Collaborate with remote teams using **Git version control**.
- Document code, workflows, and technical updates.

Education

Bachelor of Engineering (B.E.) in Computer Science and Engineering

Matrusri Engineering College, Osmania University – Hyderabad (2023 – 2027)

Key Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Artificial Intelligence & Machine Learning

Certifications

- NPTEL Certified in C Programming
- HackerRank Certified in Python
- 3■ in Java (HackerRank)

Achievements

- 1st Prize in Environmental Science College Competition
- Active Problem Solver on LeetCode & HackerRank
- Built and deployed multiple web & backend Java applications

Soft Skills

Analytical Thinking • Team Collaboration • Debugging • Problem-Solving • Adaptability • Communication
